

AG FACT! 9/20

1. How do you put a giraffe in a refrigerator?

1. How do you put a giraffe in a refrigerator?

Open the door, put in the giraffe, and close the door.

This sees if you overcomplicate things.

2. How do you put an elephant in a refrigerator?

2. How do you put a elephant in a refrigerator?

Open the door, take out the giraffe, and put in the elephant.

This sees if you understand the repercussions of your actions.

3. The Lion King called a conference and all the animals came except one. Which one didn't come?

-
3. The Lion King called a conference and all the animals came except one. Which one didn't come?

The elephant of course; it is in the refrigerator.

This tests your memory.

4. There is a river used by crocodiles you must cross. You don't have a boat. How do you cross the river?

-
4. There is a river used by crocodiles you must cross. You don't have a boat. How do you cross the river?

The crocodiles are at the meeting aren't they?

This sees if you learn from your mistakes.
