

Supervised Agricultural Experience

SAE Project Spring 2013

Name _____ Period _____ Date _____

As part of your course grade, you will conduct a Supervised Agricultural Experience project. This project must meet the following requirements:

- *Minimum 10 hours documented in your SAE Recordbook between February 1 and June 1.*
- *Create a budget by April 15.*
- *Complete a review/reflection page by June 1.*

The project can be in many different forms:

- Entrepreneurship: you own the project (animal, create a business)
- Placement: work/volunteer for someone else (paid or unpaid)
- Exploratory: investigate a career path (job shadow, research)
- Research: conduct an investigation or experiment

Benefits of having an SAE:

- Career experience
- Meet graduation requirements
- Develop connections and network with potential future employers, community members
- Work ethic
- Evidence of employability

What counts as an SAE:

Any experience in the four categories above that is preparation for future careers and can be related (directly or indirectly) to agriculture.

Directions to get online: Go to Sutherlin FFA's website (www.sutherlinffa.org) and login. Then go to User Menu → mySAE Recordbook

Every icon is a section of your Recordbook.

Today's Task – you will do the following:

1) Update your already-started recordbook

- a. Add any new projects you didn't enter before, if applicable
- b. Hours of work
 - i. By week for routine stuff (feeding, work)
 - ii. Enter special activities on their own (Weigh-in: weighed 75 pounds)
- c. Expenses/Income
 - i. EVERY ONE OF THEM INDIVIDUALLY
- d. FFA Activities
 - i. "When was that CDE?" → check the FFA Calendar on the webpage
- e. School activities/COMMUNITY SERVICE
- f. MARKET ANIMALS: must have a budget completed!
